

Universal Products, Inc. Mission Statement

June 2022

Universal Products, Inc. is committed to improving environmental quality through prudent business decisions dealing with conserving energy, reducing or eliminating waste, recycling, and properly disposing of all our waste streams.

We strive to use resources in a responsible manner and our focus is to achieve sustainability through ongoing operational improvements that protect our environment, our employees, and our business profitability.

A handwritten signature in black ink that reads "Mark Landreth".

Mark Landreth, President
